DELIVERING SOLUTIONS TO FUEL QUALITY OF LIFE ON CAMPUS

Schools & Universities
At Sodexo we want the students we serve to succeed in all that they do, both inside and outside the classroom.

We believe that a key way we can help students achieve their full potential is by contributing to the best quality of life on campus through a safe, creative and nutritious service offering that inspires learning.

Our education focused expertise enables us to deploy optimised resources, enhanced processes and the latest technology to help make education facilities caring, nurturing places that cultivate good lifestyle habits and academic excellence.
Sodexo offers an integrated approach to student life on campus—creating a great service experience for students and tangible benefits for your education institution.
HAPPY STUDENTS REALIZE THEIR FULL POTENTIAL

Transitioning to campus life can be a tough adjustment—that’s why we’re committed to making students feel right at home from day one. The happier students are on campus, the more likely they are to thrive.

WE HELP OPTIMISE THE QUALITY OF DAILY LIFE ON CAMPUS
Sodexo meets the most pressing needs of both students and the school they attend. We offer modern amenities and activities designed to encourage social interaction, easing into campus life.

From marketing, campus services to building maintenance, resident events, dining, and on-site amenities, we focus on managing your facilities so that you can focus on educating your students.
WHAT DIFFERENTIATES SODEXO’S FOOD SERVICES?

• We employ market leading food safety standards, policies, procedures and reporting systems, while retaining the added benefit of flexibility.

• We are the only provider to have a globally segmented education team, right down to country level, which enables us to tailor our international market leading expertise in order to deliver the best service for you.

• Every student has access to tasty, nutritionally balanced food.

• We also aim to shape healthy eating habits and lifestyles for students from the beginning of school life.

• Our menus are designed to fuel the body and mind.

• Sodexo has the world’s largest team of nutritionists.

• We work with suppliers who share the same passion for quality and focus as we have.

• We provide truly values led food services, with student engagements and sustainable practices at the heart of our operations. Further details can be found at: http://www.cr.sodexo.com/.
Air pollution is found to be associated with poor performance on neurobehavioral tests. **Sodexo’s Solution:** Sodexo’s expertise includes air cleaning and maintaining a positive air pressure in school environments to help ensure that students have access to the cleanest air that growing bodies and minds thrive on.

Improved cosmetic features have been associated with increased mean scale scores in tests. **Sodexo’s Solution:** Sodexo designs multi-functional dining spaces with real wow factor, to help ensure that environments remain fresh and appealing to students and staff alike.
On average, for each 1 liter increase of airflow per second per student, illness absenteeism of students decreases by 1.6%.

**Sodexo’s Solution:** Sodexo maintains HVAC systems to help prevent the spread of germs or temperature swings that may propagate ill health.

Color temperature and level of luminance in lighting, have an impact on cognitive performance.

**Sodexo’s Solution:** Sodexo can advise on and install lighting that promotes optimum lux light levels for learning and academic achievement.

Classroom views onto green landscapes can alleviate stress for students.

**Sodexo’s Solution:** Sodexo’s landscaping teams maintain grounds to keep these landscapes green and verdant at all times.
DID YOU KNOW?

Daylight offers a more positive effect on student outcomes than other forms of lighting.

**Sodexo’s Solution:** Sodexo’s approach to window cleaning helps to ensure that maximum daylight is captured into buildings, and where natural light isn’t impossible, can advise on the installation of lighting that can accurately mimic the benefits of natural light.

Air conditioning/Temperature accounts for 1% to 5% of performance variance.

**Sodexo’s Solution:** Sodexo’s HVAC maintenance systems and programs, including A/C, help to ensure that optimum temperatures cannot only be set, but also maintained.

Noises outside schools, at levels of around 70dB, have also been found to negatively impact children’s attention.

**Sodexo’s Solution:** Sodexo’s deployment of suspended sound proofing paneling helps to ensure that everyone can enjoy conversation during meal times, without being drowned out by everyone else’s conversations at the same time.
EXPERIENCE A STUDENT JOURNEY WITH SODEXO
Students arriving on campus will seek guidance in adjusting to their new environment and getting a jumpstart on their studies. They’ll also want to learn about the residential programs and services available to support them.

Sodexo is there to ensure that the arrival process is smooth, seamless, and integrated with the rest of the campus.

TESTIMONIALS

DELIVERING ON QUALITY OF LIFE

We are a five star group, employing expats in China that have certain expectations of what a school should be, and the quality of life that they left in their home country. We want to make sure that we offer services which are superior to what they could receive back home. That’s why we chose Sodexo. They can meet all our needs perfectly.

Headmaster of an international school

OPTIMISED ENVIRONMENT

The Sodexo team will take measurement at over 50 different locations around our campus, so that we keep the air in our facilities as clean as can be. I know as a parent and an employee, it’s a fun to see the rating of 5 in my daughter’s classroom. And also, as a technician who is responsible for the clean air inside this building, it’s rewarding to see that my goal and my target has been met in 55 different spots around the campus as a result of our efforts.

Facilities director in a bilingual school
Over the past week, I have enjoyed festive holiday meals at two distinguished private clubs, but neither of these well-renowned club kitchens could even come close to the quality fare served by Sodexo yesterday.

We have a sound and cohesive partnership with Sodexo thanks to like-minded managers who share our philosophy and commitment to providing students with a modern-day ‘high-street’ catering service, rather than just ‘school-dinners’.

Working collaboratively with our students via a Food Forum, Sodexo have helped us develop a range of offerings that meet the breadth of tastes and appetites within our diverse community. Students and Staff alike love our weekly carvery option, and I am sure parents do not quite believe their ears when their sons and daughters go home from school occasionally and say they lunched on Beef Wellington or Roast Duck or Seafood Chowder! Sodexo respects us as the educated, sophisticated, and yes demanding customers/clients we are and they deliver accordingly.
ENHANCING THE STUDENT EXPERIENCE ON CAMPUS

• Social media platforms that allow students to join clubs, seek out roommates and manage interaction.
• The air filtration technology used to fight against pollution.
• App-based cafeteria for personalized menu and more choices.

EXAMPLE DIGITAL INNOVATIONS

• VR technology which is used to engage students through a truly immersive experience.
• Smart vending fridges, which promote zero waste and healthy eating.
• Smart AI robots, which help make services more efficient.
