together we rise
In the midst of never-before-imagined circumstances, organisations have an opportunity to set a positive course for their next normal. Embracing new ways to live, work, play and care, we can reimagine what is possible.

Quite simply put, Sodexo was made for this moment. We have the unique capabilities and resources to combine a complete range of services – from disinfection to safety services and healthy, convenient meals, wellness services and space transformation. Taking learnings from our early experience in restarting businesses in China during the COVID-19 crisis, we developed a program that helps organisations craft their future and rise with confidence.

Sodexo has created a systematic and comprehensive approach to help you prepare for and implement changes to your daily operations. These services enable organisations to rise to the challenges and possibilities of a new world for our associates, customers, partners, communities and society. When you Rise with Sodexo, you have access to a comprehensive offering of best-in-class practices created by a team of experts and our experience from around the world. Our unique program prioritizes safety, wellbeing, and productivity so everyone can get back to the business of living.

57 PERCENT of people are concerned about the safety of returning to work

- Workplace Technology by Wx Consultancy
- Workplace Consulting by Wx
- Energy management
- Space design and management - Services for the next normal
Healthy, Productive Environments for a Better Tomorrow

Rise with Sodexo is a holistic approach to wellbeing readiness. Working together, we prepare you to overcome the challenges of the site restart process before people return to your locations during their transition to the next normal and beyond.

With dedicated training for your employees, robust disinfection and infection control methods, employee health checks and more, your dedicated Sodexo team will work to your unique requirements and opportunities.

Our clients benefit from our award-winning site management system, which we use to monitor, inspect and analyse our operations within your site for optimal visibility and transparency.

Expansive Expertise, Precise Problem Solving

Sodexo’s unparalleled global expertise and uninterrupted resources position us to take a consultative approach to our partnerships, leveraging broad experience to find pinpoint solutions for your organisational needs.

We work closely with our robust supply chain to give access to the items our clients need to operate safely, like PPE and sanitization products. We customise our programs to precisely fit your organisation, leveraging our deep expertise and experience to explore every relevant option to overcome your challenges.

There is an inherent caution and people desperately want to reduce the risk of a second wave, but life is slowly starting to return to normal – restaurants are opening and the economy is starting to get moving once again. We are certainly through the worst, but not back to normal in the coming months.

We are at a stage now where people really want to move on and get back to normal. We are focused on engaging with clients and assessing how their people are feeling. There is increased anxiety and we are taking lots of measures to make people feel secure and safe.

Country President, Sodexo China
Ensure People Experience Confidence Every Step Of The Day

Sodexo is committed to making a positive impact. Our approach to keeping people healthy starts with understanding their everyday journeys, experiences and also understanding the social, economic and environmental challenges of the world they live in.

This is why we map out each step of their daily routines and create solutions to address each need. Using this people-centered philosophy, we build a custom plan to adapt the principles and services to your unique needs.
We’re a team dedicated to the spirit of rising to the challenge, evolving our work to help you achieve your goals and exceed expectations.

As we begin to build your customised plan, your Sodexo team will work with you to define governance, review your data to identify opportunities, conduct a risk assessment and define critical activities that will prepare you to open.

Even after all your people return, Sodexo will support you and your organisation with contactless services and disinfection services, providing regular reporting on work completion, inspections conducted, incidents & risks identified.
